PERFORMING ARTS CENTER

Montuno: <mòñ-Ŧu-nø>

a term of Latin music which crops up in other jazz. (1) An indefinitely repeated pattern of 1, 2 or 4 bars in the piano, typically with ingeniously syncopated moving inner voices and a differently syncopated bass line. (2) Incorrectly, a pyramiding vamp in which one instrument enters alone, then another is added, and so on at regular intervals.
