

LZHS Private Lessons

Dear Parents:

The music teachers of District 95 would like to encourage all students who are enrolled in music classes to take private lessons. We are currently offering a private lesson program through the district so students may take lessons in the high school music rooms.

All students can benefit tremendously from private lessons. Those who are behind can learn the fundamentals they have missed in class. Advanced students can learn new concepts and improve all aspects of their playing. Beginning students can especially gain from lessons as they first year can be the most difficult.

The district music teachers will arrange lessons for your child. These lessons will be held at the high school at a mutually convenient time for you and the private teacher. All teachers are experts on their respective instruments, are very qualified to teach our students, and most of them do this for a living. We recommend to the teachers that the cost for lessons be \$22. This fee should be paid directly to the teacher on a weekly or monthly basis depending on the instructor.

Please fill out the bottom of this form and return it to your music director ASAP so we can get your name to the teacher. **Please return this form even if you are not interested in lessons at this time.**
