Send a Prayer...

Bill Coon, Jr. graduated from Lake Zurich High School a couple of years ago. He was one of the seniors that was chosen to speak at his class's graduation ceremony. When Bill was just 3 weeks old he had a heart transplant. In May he developed heart failure and is now on the transplant list once again. He not only needs a new heart, but a kidney as well.

Bill's mother, Ann, was a substitute teacher for our district for many years and several teachers that are presently employed by the district had Bill as a student. That is why I am writing to you. I am a friend of the family and am in the process of putting together a prayer pouch or box for Bill. The container will be filled with prayers, cards, letters, etc. for him. If any of the district's teachers would like to contribute to this project they can send them to me:

Shari Gullo
585 Cypress Bridge Road
Lake Zurich, IL 60047

They should mark on their contribution if they want it to remain "forever private". They may wish to make their prayer tangible, but remain unread. Some people have e-mailed me prayers to include. They can be sent to me at pizzabones@msn.com. I will cut and paste them and print them out on nice paper. If this is done, people should include their name and if they would like, their address.

It is not necessary for people to know Bill in order to participate. Most of the prayers that have been received so far are from strangers who know of Bill's situation and are praying for him.
