

The mission of Community Unit School District 95 is to inspire all students to be passionate, continuous learners and to prepare them with the skills to achieve their goals and flourish as responsible, caring citizens in a global community.

November 14, 2001

Dear Parents,

Enclosed with this letter is the 2001 Report Card for your school. The School Report Card includes information about students, the instructional setting, district finances, academic performance, and school improvement strategies.

The schools within District 95 are committed to the process of continuous improvement of student learning. The requirements of the Illinois State Board of Education, initiated in January 1997, support the efforts of schools to develop an improvement plan tailored to meet the needs of each school.

Each school improvement plan is developed through a process of gathering, analyzing and utilizing data to make changes that result in improved student learning.

We are pleased to report the positive achievement profile in District scores on Illinois Standards Achievement Test (ISAT), ACT, PSAE, and other student performance data. We realize that without motivated students, supportive parents, and a highly committed staff, this success would not be possible. We will continue to move forward and improve the educational opportunities for the students of District 95.

Sincerely,

Dr. Michael F. Paskewicz
Superintendent of Schools

Constance C. Spenko
Assistant Superintendent for
Education and Learning Services

SCHOOL
REPORT
CARD**

GRADES: K 1 2 3 4 5

The Better Schools Accountability Law of 1985 requires public school districts to provide school report cards each year to parents (and others upon request). This report card contains information about your school and your district in the following categories: student characteristics, the instructional setting, the school district's finances, and student performance on state assessments.

The state assessments are designed to measure students' progress in mastering the Illinois Learning Standards. These Standards, adopted in 1997, express what Illinois students should know and be able to do. The Illinois Standards Achievement Test (ISAT) and the Prairie State Achievement Examination (PSAE) were launched to measure student achievement of the Illinois Learning Standards. In addition, the Illinois Measure of Annual Growth in English (IMAGE) assesses the progress of limited-English-proficient students in attaining the English-language skills needed to achieve the Learning Standards. For students with disabilities whose Individualized Education Programs (IEP's) indicate that participation in the ISAT and the PSAE would not be appropriate, the Illinois Alternate Assessment (IAA) measures progress toward achievement of the Standards through a portfolio process.

Note: Title 1 of the Elementary and Secondary Education Act requires that the reporting of state assessment data be disaggregated by various student characteristics. This requirement significantly increases the volume of data reported. Therefore, blank tables and tables not relevant to a school are not printed. Also, in order to protect students' confidentiality, assessment data for groups of fewer than five students are not printed.

STUDENTS

RACIAL/ETHNIC BACKGROUND AND OTHER INFORMATION

	White	Black	Hispanic	Asian/ Pacific Islander	Native American	Low- Income	Limited- English- Proficient	High Sch. Dropout Rate	Chronic Truancy Rate	Mobility Rate	Attendance Rate	Total Enrollment
School	90.7	0.8	6.2	2.3	0.0	1.7	0.9		0.0	5.0	95.6	743
District	92.5	0.9	3.5	3.1	0.1	2.5	0.5		0.0	4.5	96.0	6,156
State	60.1	20.9	15.4	3.4	0.2	36.9	6.3		2.2	17.2	93.7	2,007,170

Low-income students come from families receiving public aid, live in institutions for neglected or delinquent children, are supported in foster homes with public funds, or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

	1998 Equalized Assessed Valuation per Pupil	1998 Total School Tax Rate per \$100	1999-00 Instructional Expenditure per Pupil	1999-00 Operating Expenditure per Pupil
District	\$151,364	3.96	\$3,953	\$7,027
State	**	**	\$4,425	\$7,483

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes Instructional Expenditures, Pupil Support Services, Instructional Staff Support Services, School Administration, Business Support Services, Central Support Services, Community Services, Debt Services, Payments to Other Governmental Units for Services Provided, and Central Administration Services.

ACADEMIC PERFORMANCE

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

This chart illustrates the overall performance of your school, district, and the state on the ISAT for the last three years. It shows the percent of elementary students meeting or exceeding the Illinois Learning Standards. The overall performance results displayed include only the grades and subjects tested on the ISAT in your school.

ISAT PERFORMANCE 2000-01

These charts provide information on the achievement of the Illinois Learning Standards. They show the percent of students meeting or exceeding Standards for various grade levels and subject areas tested on the ISAT.

Grade 3

Grade 4

Grade 5

PERFORMANCE ON STATE ASSESSMENTS

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3, 4, 5, 7, and 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual Growth in English (IMAGE) is administered to students in state-approved transitional bilingual programs. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities may have an IEP or Section 504 Plan. An IEP is a written plan for a child with a disability who is eligible for special education services under the Individuals with Disabilities Education Act. A Section 504 Plan is developed to provide reasonable accommodations for a child who meets the definition of a qualified person with a disability under Section 504 of the Rehabilitation Act of 1973.

PARTICIPATION IN STATE TESTING PROGRAMS

The following table reports by grade the total enrollment, the number of students tested for each state test, and the overall percent of students tested in your school.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of your school's students in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percents in the four performance levels may not always equal 100.

Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.

Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.

Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.

Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems.

PLANNED IMPROVEMENT FOR THE SCHOOL AND DISTRICT

Based on your school's improvement plan, your school and district are providing information on areas of success and areas for planned improvement below and/or on a separate sheet.

Lake Zurich Community Unit School District 95

Strengths and Areas of Planned Improvement for May Whitney Elementary School 2001-2002

Areas of Strength – Third Grade

In 3rd grade, all students in the state take the math, reading, and writing portion of the ISAT. The areas of strength of the 3rd grade ISAT assessment were in the areas of math and reading. In math, 93% of the 3rd grade students scored in the “Meet or Exceed” category. This represents a 4% increase over last year and 19% higher than the state average.

In reading, 81% of the 3rd grade students scored in the “Meet or Exceed” category. This represents a 5% increase over last year and 19% higher than the state average.

Area of Strength – Fourth Grade

In 4th grade, all students in the state take the Science and Social Science portion of the ISAT. The area of strength on the 4th grade ISAT assessment was in the area of Science. In Science, 89% of the students scored in the “Meet or Exceed” category. This represents a 13% increase over last year and 24% higher than the state average.

Area of Strength – Fifth Grade

In 5th grade, all students in the state take the reading, writing, and math portion of the ISAT. The area of strength on the 5th grade ISAT assessment was in the area of math. In math, 86% of the 5th grade students scored in the “Meets or Exceed” category. This represents a 16% increase over last year and 25% higher than the state.

Areas of Focus

Areas of focus for the 2001-2002 school year will be in the areas of writing and social studies vocabulary building. One other area of focus this year will be the continued expansion and development of our community service program. This particular program is being developed in conjunction with the Lake Zurich School District 95’s Strategic Plan and Strategic Objectives.

A continuing effort will be made to promote growth and increase scores in all academic areas. The May Whitney staff has planned the following school improvement activities to enhance and improve the educational experiences of all students:

- Develop an understanding of social studies vocabulary.
- Develop the curriculum and instructional practices in the area of writing.
- Continue to expand the community service component of the district strategic plan.
- Expand the flexible grouping in the area of 4th and 5th grade math.
- Continue to expand the character education program to compliment the curriculum.
